

Rotary Club of Ann Arbor

Annual Report

2005 – 2006

CLUB PRESIDENT'S REPORT

What an enjoyable Rotary year, July 1, 2005 – June 30, 2006, it was for me! Thanks for the privilege and honor to serve as your Club's President!

When I stood before you in June 2005, I said that it was "my fervent hope that the Club wouldn't fall apart on my watch." I went on to say that I suspect that's been a feeling that every President faced at the outset. My observation was that our strong and active membership, Board and Officers would not let that happen."

As I reflect on the year, I want to acknowledge the strong support from all members, Directors, officers, John White as Club Administrator, as well as Debbie, my wife. I also want to give special recognition to Paul Glendon for his role as mentor while I prepared for the responsibility – Paul retired from the Board after five years of service but fortunately continues to be active in Club activities. Club Presidents benefit so much from the strong commitment of our Secretary Downs Herold; Sergeant at Arms, Al Burdi (elected President Nominee); Club Treasurer, John Ackenhusen; Endowment Treasurer, David Gunderson and all the committee chairs, song leaders, piano players – the list of those to thank is extensive.

As I reflect on the 2005-06 year, the theme was "Service Above Self", I would like to share with you a list of the Rotary Club of Ann Arbor's significant accomplishments:

- Exceeded our membership goal by reaching 307 as of April 1; welcomed 32 new members and two returning members. Sadly we lost Harm Buning, Doug Crary, and Bob Hughes, Bob had served the Club as Secretary for 17 years (1980-97)
- Sponsored the formation of a second Interact Club at Pioneer High School
- Introduced "Get to Know Local Not-For-Profit" series of short presentations whereby new members introduce to the Club membership a Not-For-Profit agency
- Distributed almost \$50,000 through our Community Service Allocations process to local nonprofit organizations helping youth succeed
- Recognized Anne Glendon, Richard Ingram, Mike Marich and Ken Westerman with the Paul Harris Distinguished Service Award for their long time contributions to the community
- Initiated an International Humanitarian Project, recruited host Club and other sponsoring Michigan Clubs on an expedited schedule so that procurement and delivery of furnishings for the Lingap Orphanage in the Philippines could be executed in time to match the completion of the building construction. (This is significant because it enabled the children to escape from the wretched old facility, as well as additional children, to all move into their new quarters at the earliest possible time.)
- Significantly increased financial support for International Humanitarian projects – Ghana (clubfoot remediation), Bangalore, India (vocational education), and Pune, India (reading machines for the blind).
- Served as host to another contingent of Ambassadorial scholars
- Successfully conducted the second annual "Rotate Your Food" initiative in which food was collected and sorted to provide 2,204 meals. The Club partnered with the Food Gatherers organization and was joined in its efforts by the Ypsilanti and Dexter Rotary Clubs.
- Revamped new member orientation program presentation with PowerPoint material.
- Established an Internal Financial Procedures Committee as a permanent, standing committee, chaired by the club's immediate past president, with at least three additional members appointed by club board of directors to review at least quarterly compliance

with adopted procedures and financial reports and report results of those reviews to the club's Board of Directors.

- Successful annual golf outing netted \$53,900, the proceeds of which are being used to support, for the second of three years, a replacement of trees destroyed by the emerald ash borer (working with the City of Ann Arbor) and scholarships for high school students.
- Planted additional trees involving 150 volunteers and contributed money for the tree replacements (total contributed to date, \$47,569.)
- Increased support for the Rotary Foundation, and exceeded our EREY goal with \$39,925 of Annual Program Fund support (292 members – avg. about \$137 a member) and placed among the top ten percent of all “large clubs” in Rotary International, and aided by an incentive program using the Club’s Foundation Recognition Points, ten of our members became first-level Paul Harris Fellows. The Club was recognized by the District for being first in Total Annual Program Funds support and first for Total Giving with \$61,199, which includes the club’s contribution to international humanitarian projects.
- Added second school to Rotary mentors program assisting with reading and math.
- School Literacy project – Imamlar, Turkey – started a school library in the village of Imamlar, Turkey as part of a joint project with Denizli Rotary Club, Denizli, Turkey
- Donated \$2,000 to Washtenaw Literacy for its Power Tutoring project to provide Basic Literacy and ESL (English as a Second Language) Tutors strategies for better tutoring.
- Ann Arbor Rotaract members ran the Junior Great Books program in a local elementary school – second year, and reached 200 second graders. The Rotaract Club also sponsored the first annual Club bowling party.
- Introduced “Strive @ Work” – workplace visits for STRIVE, high school, students and the mentorship program, “STRIVE - Rotary Partner”.

All of these Club accomplishments earned our Club the Rotary International 2005-06 Presidential Citation Certification. In addition, the Club earned the District 6380 and Zone 28 Literacy Awards for its accomplishment with literacy activities and the District’s Significant Achievement Award for the tree planting/replacement project. Congratulations to you all!

Many, many thanks for the opportunity! You’re great!

Respectfully,

Norman G. Herbert

Our 2005-2006 Presidential Citation

CLUB MEMBERSHIP PROFILE

Downs Herold, Secretary

The membership of the Ann Arbor Rotary Club at the end of Rotary Year 2005-06 stood at 303. Three of our members are honorary members. In addition, 90 of our members are excused from weekly attendance since their aggregate of age and years of membership are 85 or more. We have honored 99 of our members and community leaders as Honorary Paul Harris Fellows while also awarding them the Club's Distinguished Service Award. An additional 112 have become Paul Harris Fellows through their personal contributions to the Rotary International Foundation; ten became new Paul Harris Fellows during the year.

We have one member who has reached the distinguished age of 90 years; thirty-seven members of the Club are 80 years of age or older. Our youngest member is 29 years of age. Sixty-nine of our members are female; 234 are not.

Seventy-six of our members have been in Rotary for less than three years. Surprisingly, eleven have been in the Club for over 40 years, and one has been a member for 56 years. 25% of the members have been in the club over 20 years. Although we are often known as the "Town and Gown" Club, only 62 Club members (or 21%) are affiliated with the University of Michigan. This percentage has decreased from earlier years but seems to have stabilized in the low 20s.

If you are the "median" Ann Arbor Rotarian, you are 64 years of age and have been in the Ann Arbor Rotary Club for 9 years. A similar report in 1946 showed the average age at 61 with 14 years of service.

Today there are more than 1,209,790 Rotarians worldwide. Rotary exists in 168 countries, and we are one of more than 32,462 Rotary Clubs worldwide. It is interesting to note that there are less than 70 Clubs larger than the Ann Arbor Club. In Michigan, only Grand Rapids and Traverse City have a larger membership.

SERGEANT AT ARMS REPORT

Al Burdi, Sergeant at Arms

During 2005-06, the Sergeant at Arms discharged his responsibilities in a number of ways, including: (1) taking full responsibility for the administration of the Club's setup committee for weekly meetings; (2) fulfilling the awesome task of beginning the weekly meetings on time with a loud clang of the rotary bell; (3) assisting the President and Club Secretary as called upon; (4) participating in the monthly Board meetings; and (5) grooming his carefully-selected successor for the 2006-07 year and beyond since Al was selected to be President Nominee (President for 2007-08). In that the behavior of club members at weekly meetings was characteristically courteous and generally quiescent [as was the case of the Board at its monthly meetings] there was no need for the Sergeant at Arms to militantly squelch any untoward events or uprisings – although he was prepared to act swiftly and decisively! The only event that came close to creating problems was when one of our members, a graduate of Ohio State University, created a fuss after defeating the Wolverine football team!

SERVICE AREA REPORTS

CLUB SERVICE

Director: Beth Fitzsimmons

Program

Mike Marich and Bernie Galler

The Program Committee continues to offer quality programs to the membership. All 49 programs presented during the year were carefully previewed and evaluated by a committee of 23 members and chaired by Mike Marich and Bernie Galler. The procedure for recommending speakers through the use of the Rotary Website nomination forms was continued. Each potential speaker is sent a letter, brochure, and information sheet about the Club. A contact person and introducer is assigned to each speaker. Several new members joined this popular committee.

Emphasis has been placed on presenting balanced programs—academic, athletic, local and national interests. Approximately one program a month is prescribed by Rotary leadership and deals with Rotary International and District programs as well as our local Rotary projects. Legacy programs such as those presented by football coach Lloyd Carr, basketball coach Tommy Amaker, Mayor John Hieftje, and the choirs from Pioneer and Huron High Schools are popular and repeated each year. Time is managed carefully so that our speakers get their maximum allotted time. Bernie Galler maintained the database of past speakers and a database of potential speakers. Typically the schedule is planned 4-5 months in advance. Greg Cook along with Bernie Galler coordinated all audio-visual needs for our speakers. The Rotary investment in a projector and other audio visual equipment has enhanced the program delivery. Ingrid Deininger and Lois Jelneck continue to coordinate weekly attendance takers, hosts, greeters and those giving the invocation. Rotarians and guests continue to comment on the fine quality of our club's programs and speakers. Much time, talent, and effort is given by the Program Committee to make this possible.

MEMBERSHIP

Director: Ray Rabidoux

Membership Development

John Eman and Agnes Reading

As the year wound down, John Eman handed off the chairmanship of The Membership Development Committee (MDC) to Agnes Reading, after several years of successful leadership. A total of 32 new members were inducted during the year in July, November and March. In addition, two past members were reinstated. The club members continued recruiting excellent new members, representative of the community, to strengthen the club's ability to grow and expand its mission. The Club passed the 300-member mark this past year for the first time in its history. Emphasis by the committee this year has been on studying how to assure that new members are mainstreamed into committee/project participation and how to promote good attendance practices among the members.

Member Survey

Sam Offen

Sam Offen assisted the Club leadership in conducting the annual member interest survey in April. The survey was conducted via the internet, using "Survey Monkey" software. The process was quick and easy on the computer; 233 members participated in the survey, a 76.9% response rate – excellent. Several constructive changes were made to the survey instrument this year, helping to improve its relevance in planning programs and improvements to spur club member interest and participation.

Social

Millie Danielson and Chris Conlin

This committee planned and hosted three events this year, beginning in November with the Performance Network's production of "Jacob Marley's A Christmas Carol". In January, members and guests were treated to a delightful

preview presentation of “Wine, Women and Song” at the Kerrytown Concert House. The club’s traditional Spring Fling was held in May, at Barton Hills, featuring wonderful culinary treats, piano music, and a stroll on the new Barton Hills Terrace, overlooking the course.

The custom begun over a year ago of drawing lunch table seating assignments from a hat continued to make First Wednesday club meetings a way to stimulate the mixing of club members and spurring new friendships in the Anderson Room.

Bowling

Dick Elwell

The Rotary bowling team had another successful season; it’s 66th in the Service Club league. The team finished in 10th place in a 14 team league. A great spirit of camaraderie is shared by all team members and a good time is always had by all. With new members in the club expressing interest in bowling, it is anticipated the Club will field two teams next season.

Golf and Family Outing

Jim Cook and Markey Butler

The focus this year was on broadening the event to become a family affair, with major emphasis placed on building the family fun portion of the day, games and prizes for all. The outing’s major objectives this year was to raise funds to help replace the hundreds of Ash trees in our community, devastated by the Ash Borer infestation and to further the Club’s support for youth by improving and expanding the scholarships for college, including the Strive program. The success of the outing this year was dramatic, both in terms of participants and in terms of funds raised. Over \$50,000 was raised, thanks to the participation and support of our members and many other local community participants. An award dinner and auction capped the day’s events. This year was Markey’s swan song in charge of the auction, as she retired again to her home in Aspen, in the fall.

PUBLICATIONS & COMMUNICATIONS

Director: Deb Polich

Our weekly newsletter continues to be the club’s weekly source of information thanks to Editor Don Faber and his team of reporters and Club Administrator John White who has produced and distributed the Harpoon. We are working with the Harpoon committee to distribute many of John’s duties so that he may focus on other Rotary duties. Dan Romanchik stepped up to help with the Website content and management. The 2005-2006 Member Directory was aptly updated, published and posted on our website as well as printed for those that wanted hard copies. Immediate past President Paul Glendon prepared the 2004-2005 Annual Report. The archive committee continues to gather and store the records of the Ann Arbor Rotary. Fred Beutler is interested in devising a photo storage process too.

COMMUNITY SERVICE

Director: Ian Glassford

Community Allocations

Jim Frenza and Bill Dunifon

\$49,800 was awarded to 17 local agencies. Our Club supports specific programs, under the theme of “helping kids succeed.” Sixty-two grant requests were received, reviewed and ranked by the committee. CA’s 16 Rotarian members awarded grants using the following three program goals: 1) Helping children of all ages in our area to grow educationally, socially, and build their self esteem. 2) Help young adults learn skills required to succeed in later life. 3) Fund support services for at-risk children in our area.

Tree Planting Project

Ian Glassford & John Laird

This past year, fall 2005 and Spring 2006 planting resumed with volunteers from both INTERACT clubs and the University of Michigan Rotaract group combining with our own membership to help beautify the city. More than 175 volunteers worked with the city forestry crews on 5 separate Saturdays and

planted 325 trees in six city parks. Money raised through the annual Rotary Golf Outing was used to support the tree effort and a total of \$17,500 was donated to the cause. The Ann Arbor City Council recognized the Club for this project with a Resolution. Our Rotary District 6380 recognized the Club for this Tree Planting project with the Significant Achievement Award for 2005.

Rotate Your Food

Chris McMullen

For the second consecutive year, we partnered with our local food rescue/food bank program, Food Gatherers, to collect much-needed food for non-profit programs throughout Washtenaw County that fight hunger every day. The Club invited other Rotary Clubs in the area to join the effort to collect non-perishable food. As a first step in collaborating with other Clubs, we were joined by the Ypsilanti and Dexter Rotary Clubs. Forty-seven businesses and organizations, up from thirty-five, were part of the local food drive, held June 5 through 17. The effort included picking up food collection bins, delivering food to the Ann Arbor District Library, hauling bins back to Food Gatherers, donating food themselves, and sorting and packing donated food for distribution. 3,306 pounds of non-perishable food was collected, which translates into 2,204 meals; a \$5,256 value!

Not-for-Profit Series

Jim Frenza

Our Club has long prided itself on its members' involvement in the community and in particular with other Not-for-Profits. The Not-for-Profits play such an important role in the fabric of the Ann Arbor Community that President Norman thought it would be appropriate to inform the Club about some of the Not-for-Profits in our community. This would also provide a greater understanding of the challenges facing the Rotary Community Allocations process.

At several meetings of the Club between October of 2005 and June of 2006, executive directors of local nonprofit organizations were

invited to address the membership with brief presentations of their agencies' work and history. Each was introduced by a recently-enrolled Club member. Most, but not all, of the featured agencies have received funding through the Rotary's Community Allocations program. In all, 15 five-minute presentations were made. The program was popular with the membership and with the nonprofit leaders, who were grateful for the opportunity to speak before the Club.

High School Scholarships

Milo White

The Rotary Club High School Scholarship Committee's purpose is to distribute funds from the Club's endowment to worthy graduating seniors from the Ann Arbor area three public high schools (Pioneer, Huron and Community), from Father Gabriel Richard Catholic High School and from Greenhills High School. Approximately, ten or twelve students are nominated by the counselors from these five school based on their financial need, their academic achievement, their leadership and their participation in school and community events. The Scholarship Committee then reviews their applications and divides the funds available among the nominees with financial need for college financial support the primary criteria. The students and their schools are then notified. During June the winners were invited to the Club's meeting with their parents or friends and thanked the membership for its generosity and financial support for their first year in college. Twelve students from these five secondary schools were awarded \$20,000 in scholarships and presented to the Club during June of 2006.

STRIVE

Ann Schriber & Carolyn Shear

STRIVE is a competition-based program among students at Stone High School, Ann Arbor's high school of last resort. Students in STRIVE are measured on GPA improvements, attendance of at least 90%, and compliance with a pledge not to use alcohol or drugs. STRIVE creates an atmosphere of accountability. \$15,000 was committed to Washtenaw Community College

scholarships for STRIVE winners. The committee obtains student incentives throughout the school year, organizes an annual awards banquet, and hosts STRIVE students at two Rotary meetings during the school year, one to introduce the first marking period winners and the second at the end of the school year to congratulate the winners.

In addition, the Committee hosted the winners and their families at a STRIVE Banquet where Joe Fitzsimmons was the featured speaker.

During the year, committee members also participated with STRIVE students in the Challenge Day at Cobblestone Farm, introduced our STRIVE students to the world of work through the STRIVE@Work program, under Rick Reid's inspiration and leadership. Through this program 4-5 Strivers, in separate groups, participated in two workplace visits. Both Zingerman's, in October, and Bivouac, in April, volunteered their time and expertise at their work sites. Students were able to view the workplace, learn about its culture and expectations, and ask work related questions of the owners/ entrepreneurs, Paul Saginaw and Ed Davidson, respectively.

To insure success beyond Stone School, the students need some guidance and encouragement. The STRIVE-Rotary Partner Program was initiated during the year. This new program involves the pairing of one STRIVE scholarship winner with a Rotarian, who will meet the scholar and his family at several STRIVE events. The Rotarian is responsible for maintaining contact with the student throughout the summer to find out how he/she is doing and what his/her plans are for attendance at WCC. The goal of this collaboration between a Rotary partner and STRIVE winner will make it easier for the student to follow through with post secondary plans, and will give Rotary information on the success of the program.

The STRIVE Committee maintains good communication with Stone School through its Principal Gayl Dybdahl and Counselor Daphne Slater.

YOUTH & VOCATIONAL SERVICE

Director: Nishta Bhatia

Junior Rotarians

Larry Henkel & Al Storey

Our club again honored and hosted twenty-seven students from five Ann Arbor high schools as Junior Rotarians. Each of them attended two club meetings and spoke at one, received orientation in all things Rotary from a past president of our club, was paired with two club members acting as host and vocational advisor, and received a photo and certificate commemorating the experience.

In an effort to keep Rotary in the sights of the Junior Rotarians and Interactors, the Club is exploring ways in which Rotary Clubs in the area of where the former Junior Rotarians and Interact students are enrolled in college could be informed of their presence. If there is a Rotaract Club in that area, hopefully the former Junior Rotarians and Interact students would be invited to consider continuing their involvement with Rotary.

The leadership for the Junior Rotarians has been transitioned to Tony Nam and Mark Foster. They succeed Larry Henkel and Al Storey, both of whom have provided significant and committed leadership for the past several years – we are very thankful for that.

Rotary Youth Leadership Awards

Wayne Colquitt

We sponsored fourteen students to attend the annual Rotary Youth Leadership Awards (RYLA) weekend in Ridgetown, Ontario. The sponsor teachers of the Interact Clubs at the high schools are identifying very qualified students to attend and this year we had seven students from each of the two clubs. The students from this area, through the good support of the AATA, are provided transportation to Southfield where the students then board another bus for the trip to Ridgetown. Our Club provides funding to help defray costs for the transportation and conference costs.

Rotary Tutors

Barbara Debrodt

The number of Rotary reading and math tutors jumped this year from 30 to 48, a 60 percent increase. Moreover, for the first time, they served two elementary schools, Angell and Burns Park. The group included Rotarians, spouses, UM Rotaract members, and one visiting Rotarian. Students ranged from a girl survivor of Hurricane Katrina in New Orleans to a young man who spoke only Arabic. Again, "M is for Mitten," an alphabet book featuring Michigan sites, was given to some 60 graduating kindergarten boys and girls, many of whom were returning to foreign countries.

Interact Club

Peter Wright, Ed Wier (Huron), and Brandt Coultas (Pioneer)

This was an outstanding year for the interact committee. Under the leadership of Peter Wright and Brandt Coultas a new club was founded and chartered at Pioneer High School. Brandt guided the club in its early organization and got them on their feet. Later in the year several new members were added to the committee. Dennis Norton and Dan Romanchik took over as liaison of the Pioneer group. The club initially struggled to get membership and to work on projects but as the year continued it was obvious that momentum was building and membership increased. New officers and directors were given the opportunity to attend Rotary Youth Leadership Awards (RYLA) in the spring and they came back fully energized and ready for the next school year.

The Huron club has been active for the past three years and under the capable leadership of Ed Weir has become one of the premier clubs at the school. Karen Kerry has joined Ed as liaison of the Huron group. Under their collective guidance, the club has gone through another election and has competent leaders in place for the next school year. The club ran a number of successful projects during the school year.

This year the committee established a year end picnic for the officers and directors of the two Interact clubs. This was our clubs way of

honoring them for their commitment and service and to wish them well in their new endeavors. Each member was given a Rotary pen as a memento. This will become an annual event at the end of the school year.

Rotaract Club

Elaine Alexander and Joanne Pierson

Completing its second year, the UM Rotaract Club continued to strive towards its goals (all of which will continue next year) of expanding membership, developing and solidifying its programs, and fundraising. We were successful in increasing membership to approximately 25 Rotaractors. With over 250 clubs available to UM students, recruitment and retention of members is a challenge and will continue to be in light of student graduation and a lack of non-UM member recruitment. Local projects, such as holding a "Crafts" day with 100 first and second graders, working at a soup kitchen, and assisting Rotarians with fall and spring tree planting, were successful and will be continued and expanded in 2006-07. A bowling fundraising event was held for the first time in January 2006 between Rotaractors and Rotarians and will be continued next year. Professional Development activities were successfully introduced to the general meetings with presentations by our Rotary Club members. Given that the current officers, who founded the Club, will be graduating in spring 2008, of critical importance to the sustainability of Rotaract will be to identify and mentor the "next generation" of officers. This will be a major goal for the upcoming year. In addition, our Rotary Club will need to prioritize new member participation on the Rotaract committee in order to fully support the development of the Rotaract Club and mentor its officers.

Rotary Youth Exchange

Jim Kosteva

The Rotary Youth Exchange Committee experienced great success this year facilitating the district and regional approval of two local students to spend the academic year abroad. Emily Hamilton will be studying in India and Tyler Warren in France. The Committee also continues to make progress in communicating

with high school counselors and advisors regarding the opportunities provided through the Rotary Youth Exchange program.

INTERNATIONAL SERVICE

Director: Jim Cook

International Humanitarian Projects

Nishta Bhatia

The committee has had an extremely productive year and is very grateful to the Club for the increased level of support for these activities. The following three projects were completed: Computer Education in Calauag, the Philippines; Vocational Education in Bangalore, India; and Installation of Reading Machines for the Blind in Pune, India.

Highlights of new projects initiated in the 2005/06 fiscal year are as follows:

The Lingap Orphanage Project in Toledo City on the island of Cebu, the Philippines was submitted to Rotary International, approved and fully executed during the year. Our club helped design the project, recruited the other Rotary participants and provided funds to furnish a brand new building which will house 100 orphans. We did this in conjunction with the Toledo West Club in the Philippines and with two Jackson Rotary Clubs. In April two members of the committee attended the dedication ceremony in Cebu. Project cost \$30,265.28. Club contribution \$11,990.

The Turkey Library Project was approved by Rotary International to provide books and computers to a school in Denizli, Turkey. The project is underway. Project cost \$11,000. Club contribution \$3000.

The Artificial Reef Project in Gumaca, on the island of Luzon, the Philippines was approved by Rotary International and provides materials to construct a biodegradable reef to help restore the fish population near Gumaca. The project is under way. Project cost \$15,000. Club contribution \$6,273.50

Two projects have been identified for support in FY 06-07. They are:

The Bangalore, India, project to procure a medical van to transport technicians and equipment to remote areas to provide artificial limbs to the handicapped poor. \$5,500 has been allocated to this project.

The Santarem, Brazil, project to electronically link the various Rotary supported clinics of Fundacao Esperanca via satellite. \$6,500 has been allocated to the project.

Ambassadorial Scholars (Inbound)

John Rasmussen

In 2005-2006 District 6380 hosted nine (9) Ambassadorial Scholars who were studying at either U of M or EMU. Members of our Club hosted 8 of the scholars.

Scholars and hosts attended a fall reception held at the home of John and Marilyn Rasmussen. This fall orientation for new scholars and hosts is an annual social event attended by the District Governor, Rotary families and prospective hosts.

Scholars accepted invitations to speak at district clubs including Farmington, Saline, Southfield (2), Waterford and Davisburg.

Unfortunately, this year the Ann Arbor Rotary Club's programs were otherwise booked, and our Club missed the opportunity to hear our scholars speak. Both the Club and District leadership have requested that in the future annual fall and spring dates be set aside for programs featuring our scholars.

Ambassadorial Scholars (Outbound)

Scott Westerman

The committee had hoped to recruit several applicants interested in Rotary Ambassadorial Scholarships. Three inquiries were initiated, but no completed applications were received. However, one of the interested parties may apply next year. The Club did have the opportunity to hear a current Ambassadorial Scholar sponsored by our District report on her experiences under the program.

International Outreach Committee

Phil Alexander

This has been a start up year for the Committee. The charter for its predecessor, the Sister Club Committee, expired at the end of June, 2005, and the committee had completed its major work, a Friendship Exchange trip to India. As a result, several months were spent considering what new mission, if any, was appropriate for the committee. A revised charter was developed and approved by the Club's Board, and the scope of the committee was increased to include essentially all activities involving Rotarians in international travel. The two sister club relationships with Rotary Clubs, Pune Central and Bangalore Midtown in India, were continued; and the committee accepted responsibility for Group Study Exchange (GSE) team activities.

In September, the six Rotarians (Elaine and Phil Alexander, Fred and Sue Beutler, Jim Martin, Ashish Sarkar) along with Nancy Martin, who traveled to India as part of our Sister Club Friendship Exchange, were presented with Ambassador of Goodwill Awards. This new, club level award is made to Rotarians who travel to another country at their own expense to further the goals and objectives of Rotary. In May 2006, two additional Ann Arbor Rotarians earned the award by traveling to the Philippines to attend the dedication of the Lingap Center orphanage, one of our Club's International Humanitarian Projects.

The new committee's main task for the balance of the year was to review a request to have the Club host a group of Russian entrepreneurs under the Productivity Enhancement Program (PEP). The committee spent several months researching the program, talking with Rotarians from other clubs who have previously carried out this three week activity, and working with the Program Director for the Center for Citizen Initiatives, the organization administrating the PEP program. In June, the committee recommended that our club should undertake this program with a target date for the visit of October 2007. The Board accepted this recommendation.

For the coming year, the committee looks forward not only to working on the planning for the visit of the Russian entrepreneurs but also to participating next April in the District's planned GSE activities with a District in Thailand. They also hope to facilitate more international Rotary travel for the Club's membership.

ANN ARBOR ROTARY ENDOWMENT
Permanent Fund

Beginning market value balance 7/1/05	\$1,027,005
Contributions received from Club members and other transfers	70,000
Dividends and Interest	24,303
Disbursed to Community Service Fund For community grants and scholarships	(34,940)
Investment market gain during year	79,073
Gift in transit	2,115
Ending market value balance 6/30/06	\$1,167,556
Pledges and bequest commitments	489,301
Total Endowment	\$1,656,857

Note: Investment assets are held in a Charles Schwab Account.

Permanent Endowment Activity for 2005-06

The Endowment portfolio consists of donations from Rotarians and friends in the community along with some interest income. These contributions, along with investment performance, account for the market value of the portfolio being \$1,167,556 as of June 30, 2006 – an increase of 13.5% from June 30, 2005.

The investments within the Permanent Endowment Fund are governed by an Investment Policy statement which was established and periodically reviewed by the Trustees. The policy requires that assets be invested in publicly traded, broadly diversified assets so as to obtain a total rate of return in excess of an established benchmark. This benchmark utilizes market indices that are weighted according to the Fund’s target asset allocation.

Total Portfolio Performance

Time Period	Rotary Portfolio	Market Benchmark
Quarter	-1.9%	-1.3%
Six months	3.3%	3.3%
One year	9.9%	9.1%
Three years	11.8%	11.4%

The Permanent Endowment Fund’s Spending Policy requires that it distribute 4.25% of the assets each year to the Community Service Fund based on the average market value for the preceding twelve quarters. For 2003-04, the amount was \$28,000; for 2004-05, it was \$30,500; for 2005-06, the amount will be \$34,950; and for 2006-07, the amount will be \$41,450. The opportunity to increase our support of community service projects and scholarships is enhanced with voluntary contributions to the Endowment Fund and bequest commitments. The trustees especially appreciate those who have considered and become part of the Legacy Circle initiative. Thank you for your support of the Ann Arbor Rotary Endowment Community Service Fund.
